

Neste Quenching F

Quenching oil

Neste Quenching Oil F is blended of high quality EHVI-base oil and specially selected additives. Special additives improve wettability of metal surface and enhances oil's outstanding oxidation and thermal stability.

DESCRIPTION

Neste Quenching Oil F is blended of high quality Nexbase-base oil and specially selected additives. Special additives improve wettability of metal surface and enhances oil's outstanding oxidation and thermal stability.

SPECIAL FEATURES AND BENEFITS

- Excellent oxidation and thermal stability
- Long lifetime
- Low sludging tendency
- High flash point

TYPICAL CHARACTERISTICS

Density kg/m ³ 15°C	842
Flash Point °C (COC)	208
Pour Point °C	-27
Viscosity index	114
Viscosity cSt/ 40 °C	16
Viscosity cSt/ 100 °C	3.7

Neste Quenching Oil F is specially recommended for use when high cooling rate is needed.
